Lectures to local GPs
TIPS for teaching Communication Skills course (2006)
Teaching TIPS for Clinical Teachers (2006)

PRESENTATIONS AT NATIONAL & INTERNATIONAL MEETINGS

2024

4th Congress of the World Headache Society, Bangalore: 'Headache societies, past, present & future'
CLIRNET-LIVE online seminar on 'Recent advances in Migraine Management'
Trigeminal Neuralgia Association webinar series, 'The History of Trigeminal Neuralgia'

2023

ABN/INA joint meeting, Belfast [chaired satellite discussion on real world evidence in migraine]
British Pain Society meeting, Glasgow
NeuroConvention 2023, Birmingham; lecture on 'Headache management now, and in the next 5 years'
BASH Biennial National Headache meeting (Hull)

2022

MTIS meeting (London) [chaired plenary session; introduced McDonald Critchley lecture]
BASH meetings, Aviemore & Belfast
Oxford headache meeting
British Pain Society meeting, London [teaching on headache; satellite on headache pathways]
Lundbeck Science Forum, Copenhagen [lecture on medicinal cannabis in neurology]

2021

Royal College of Physicians, Edinburgh EMU; lecture on 'Headaches: acute and chronic'
ABN Virtual Symposium [chair, Headache SIG meeting; participant in satellite symposium; 2 posters]
BASH webinar series; lecture on history-taking in headache

2020

MTIS Virtual Symposium (London) [chaired plenary session; lecture on 'Historical figures in headache'; chaired satellite symposium]
ABN Virtual Symposium [chaired satellite symposium]
EHF Virtual meeting [poster]

2019

BASH Biennial National Headache meeting (Hull)
Migraine Science Day 2.0 (Novartis Multinational meeting, Dubai hub)
BMJ Live! (London)
Headache Network National Headache Nurses meeting (Birmingham)

2018

BASH teaching course (Edinburgh)
Migraine Trust International Meeting (London) [chaired plenary session; poster]
European Headache Federation meeting (Florence) [participant in satellite symposium]
ABN/SBNS joint meeting (London) [platform presentation]
Northern Ireland Headache Symposium (Belfast); Headache Academy (London)

2017

BASH teaching courses (Hull, Birmingham)
NSANZ 2017 (Neuromodulation Society of Australia & New Zealand annual meeting, Adelaide); poster presentation)

2016

BASH teaching course (Liverpool)
European Headache Federation/Migraine Trust International Meeting (Glasgow) [chaired plenary session; posters; lectured in teaching course]

2015

RCPE Neurology Symposium (Edinburgh)
BASH teaching courses (Hull, Cambridge)

2014

Keele Headache Teaching Course
BASH teaching course (Newcastle)
European Headache Federation/Migraine Trust International Meeting (Copenhagen) [chaired plenary session]

2013

BASH teaching courses (Hull, Aberdeen)

2012

Xth Oxford Symposium on Headache
BASH teaching course (Great Missenden)
European Headache Federation/Migraine Trust International Meeting (London) [satellite symposium presentation]

2011

2nd Conference of the Pakistan Headache Society, Karachi, Pakistan

British Association for the Study of Headache teaching day (Cardiff)
Royal Society of Medicine Section of Neuro-ophthalmology meeting

2008

Association of British Neurologists (Aviemore, Scotland)
European Headache Federation/Migraine Trust International Congress (London)
Anglo-Dutch Migraine Association (Buxton)
North East Deanery SpR training day on headache/Newcastle neurological Grand Round
North West Deanery SpR training day on headache (Liverpool)

RESEARCH ACTIVITIES

2017	PI, TEVA ENFORCE trials of CGRP antibodies in cluster headache Charing Cross Hospital, London
2010-2014	with Drs A Waldman & R Peatfield Imperial College, London fMRI studies of persistent migraine aura
Sep 2008-Jan 2012	Sub-investigator, PRIMA trial, St Mary's Hospital, London
Sep 2005-Jul 2006	with Prof P J Goadsby Institute of Neurology, London Studies of the premonitory phase of migraine
Mar 1997-Apr 1997	with Prof G Serjeant MRC Laboratories, UWI, Kingston, Jamaica A study of twins with sickle cell disease
Jul 1988-Aug 1988	with Dr A F Williams MRC Cellular Immunology Unit, Oxford On R73, a monoclonal antibody to the TCR
Jul 1987-Sep 1987	with Dr G J S Cooper MRC Immunohistochemistry Unit, Oxford On the molecular genetics of the Diabetes Associated Peptide (amylin)
Jan 1986-Jul 1986	with Dr F S Rosen Children's Hospital, Boston MA On the effects of C3 fragments on T cell growth & proliferation

History of medicine

My MPhil, PhD, and research fellowship topics were, respectively, 'The introduction of clinical teaching to Cambridge', 'Scientific medicine and the medical sciences in Cambridge, 1851-1939', and 'The tension between science and medicine: biochemistry in Cambridge and Paris, 1914-1950'. The first two theses form the basis of my monograph entitled *Gentlemen, Scientists, and Doctors*. Work based on my PhD and my research fellowship appeared in *Medical History*.

I have given papers at Wellcome Units for the History of Medicine in Cambridge, Manchester, Glasgow, and University College, London, and at conferences in Glasgow, Maastricht, Paris (Cité des Sciences et de l'Industrie) and Zaragoza (XIXth International Congress of the History of Science).

I have jointly organised exhibitions at the University Library, Cambridge (On a New Kind of Ray: 100 Years of X-Rays at Cambridge, November 1995), and at the Cambridge Clinical School (Dynamic Science: Biochemistry in Cambridge, 1898-1948, March 1992; The History of Medicine in Cambridge, Association of Physicians' meeting, April 1990).

COMMERCIAL RELATIONS

I have received honoraria for lecturing/advisory boards etc from Pfizer, Eli Lilly & Co, Novartis, TEVA, Lundbeck plc, Allergan/AbbVie, A Menarini Pharma, Janssen Cilag, UCB, and Eisai Pharmaceuticals.

OTHER INTERESTS

I relax by taking on any number of informal roles as taxi driver, homework tutor, gardener, cook and secretary for my children. Writing is my other passion. Between January and June 1992 I was editor of *Varsity*, the Cambridge University student newspaper. We were runners-up in the NUS/*Guardian* Student Newspaper of the Year award, and I was short-listed for the Student Journalist of the Year award. I am always writing.

I played lacrosse for Cambridge University between 1988 and 1993, gaining a half-blue. I play golf socially (and badly). I used to play the 'cello to Grade VIII standard, and still play the piano for fun. I ran the London Marathon in April 2011, finishing in 5 hours 33 minutes. I still run 5Ks and 10Ks, most recently finishing in the Dorney 10K in 54:09.
